

GREAT NECK TEACHERS ASSOCIATION

DEFENSIVE DRIVER COURSE

GNTA is pleased to offer to all GNTA bargaining unit members and their family members, through NYSUT Benefit Trust, a six-hour DEFENSIVE DRIVER COURSE.

This course is an excellent way to refresh your driving skills. Upon completing the course, members who are principal operators of a vehicle are entitled to a ten-percent reduction in the base rate of their liability (bodily injury and property damage), no-fault (personal injury) and collision insurance premiums each year for three years. Members who complete the course may receive a subtraction of up to four points on their driving records. (This applies only to points for violations occurring within the 18 months immediately before course completion. It does not affect points for earlier violations and can never be used as "credit" for future points. Points may be reduced only once in any 18-month period.)
